The Other Services and Necessities of Darul Uloom Ahmadia Barkatia

In this Jamia local and outsider students are getting education. The arrangement of boarding, their lodging and books are made by Darul Uloom. This is why the kitchen and library have been constructed, but these arrangements are in first stage which is not enough to fulfill the necessities of the institute.

In the same way if any student becomes ill, the Institute bears his all expenses of medicine and treatment. For it some local doctors are in contact, who are called in emergency or the student oneself is sent for treatment.

One important department of Jamia is also "Shobye Dawat o Tabligh" (Preaching and imparting department). The teachers visit for it in local villages and they impart people Islamic teachings and try to connect people with Darul Uloom.

Publishing booklet and pamphlet, based on religion, moral and Islamic knowledge, are also our future plan. By Grace of Allah under the guidance of this department the first book named "Aadab-e-Zindagi" written by Maulana Akhtrul Quadri has been published-.

Educational and Constructional plans (1) Ameen-e-Ummat Academic Building

(In the memory of Ameen-e-Ummat Saiyyadena Abu Obaida ibn-e-Al-Jarrah رضي الله عنه Death: 18: H.)

The need of the expert scholars are increasing day by day for spreading Islamic message far and wide. This is why advisory members of Darul Uloom think that in it there should be established a department of Arabic classes/Durs-e-Nizami completely and hardworking and genius scholars should be created by firm determined and punctual teachers who serve Islam in efficient manner.

Yes! But after establishment of that department, one building also will be compulsory where all students could gain education with sitting comfortably. This is why the management of Darul Uloom thinks that before starting that department a new building should be built with the name of "Ameen-e-Ummat Academic Building" so that students do not face any problem.

[Proposed picture of new building]

(2)

Zunnurain Darul- Tahfiz

(In the memory of Jame Quraan Saiyyadena Usman
ibn-e-Affan رضي الله عنه Death: 35 H)

The holy Quraan is solemnized generally in our Madaris without Hadar. This is why the management of Darul Uloom thinks that the department of Hifz should be started with Hadar, so that education of Quraan, its learning and reading would be better than before.

If Allah the Almighty willing a pretty building with the name of “Zunurain Darul-Tahfiz” would be built.

[Proposed Picture of Zunnurain Darul-Tahfiz]

(3)

Saiyyad-ul-Qurra Darul-Tajveed

(In the memory of Saiyyadena Ubai ibn-e-Ka'ab رضي الله عنه
Death: 19 H)

Its obligatory for every Muslim to recite holy Quraan properly, where all words pronunciation will be different from other and also words came out from perfect places so that the meaning of Quraan won't be changed. But not to speak about general person ever the learnt men can't recite the holy Quran in proper way. This is why management of Darul Uloom has proposed to Quirat and Tajveed department and build a different marvelous building for it, so that the education of Quraan could be taught in the flash of confirmed pulse of Quirat and its fundamentals completely and the students would not face any problem.

[Proposed picture of Saiyyad-ul-Qurra Darul Tajveed]

(4) Razvi Darul Iftah

(In the memory of Aala Hazrat Imam Ahmad Raza Khan Quadri Barkati رحمۃ اللہ علیہ Birth: 1272 H/ 1856 A.D. --- Death: 1340 H/ 1921 A.D.)

This Darul Uloom is located in such area where Darul Iftah is not available in the radius of 25 K.M. This is why the people face a lot of difficulties to ask religious matters and for getting solution of lawful problems. So the management of Darul Uloom proposes to build a Darul Iftah in Darul Uloom and in the memory from Aala Hazrat it should be named "Razvi Darul Iftah".

But before starting it, its building is very compulsory where respected research scholars may give Islamic orders according to the Islamic teachings. For it the management has planned for a building with the name of Razvi Darul Iftah.

[Proposed picture of Razvi Darul Iftah]

(5) Gharib Nawaz Computer Center

(In the memory of Khwajah garib Nawaz Moeen-uddin Hasan Chishti Ajmeri رحمۃ اللہ علیہ Birth: 537 H--- Death: 633 H.)

The importance of the computer education in the modern age can't be denied. This is why the management of Darul Uloom has planned that a department of computer should be established, so that students of Darul Uloom may get religious education as well as computer education. And when they go out to serve Islam, they wouldn't face any problem.

The proposed building of this department will be like this. (إن شاء الله)

[Proposed picture of Gharib Nawaz Computer Center]

(6)

The Monthly Al-Farooque

(In the memory of Saiyyadana Farooque Azam
Umar ibn-e- Khattab رضي الله عنه Death: 24 H)

These people who want to get Islamic knowledge and teachings may quived their thirst. And this monthly also provide the halian with our activities. The monthly Al-Farooque will be published, for them, to increase religious skills, developing knowledge and providing information of our activities.

[Proposed picture of monthly Al-Farooque Office]

(7)

Azizi Publication

(In the memory of Hafiz-e-Millat Allama Shah Abdul
Aziz Muhaddis Muradabadi رحمۃ اللہ علیہ Birth: 1313 H/1894
A.D---Death: 1396 H/1976 A.D)

The importance of pen is accepted in every era. The management of Jamia has decided to establish a department with the name of "Azizi Publication" for publishing the books and booklets.

The aim of it is publishing the poster regarding Holly Ramzan, Eid-ul-Fitr, Eid-e-Qurban, Day of Aashurah, Rabi-un-Noor, Rabi-ul-Ghaus, The Night of Quadr and Barat showing the importance in Islam, and to distribute in nearby areas, and to publish educational, religious and profitable books and pamphlets and also the annual calendar.

[Proposed picture of Azizi publication]

(8)

Jamia-tul- Banat-al-Barkatia (Girls' College)

(In the memory of Hazrat Saiyyad Shah Barkattullah
Quadri Marahravi رحمۃ اللہ علیہ Birth: 1070 H/1660 A.D. --- Death:
1142 H/1729 A.D)

The role of mother is important in nourishing children, their education and training and giving guide on the right path. The influence of mothers automatically might be felt on the children, if the mothers are educated, religious and decorated with Islamic thoughts. This is why in this age of conflict, it is compulsory to give Islamic education the Muslim woman.

For this good purpose the authority of Darul Uloom thinks that a permanent institute should be opened for girls' Islamic education and their training, with the name of "Jamia-tul-Banat-al-Barkatia", where Muslim girls may get Islamic education as well as may receive training in household works, sewing and embroiding etc.

[Proposed picture of Jamia-tul-Banat-al-Barkatia]

(9)

Quadri Masjid

(In the memory of "Gaus-e-Azam Saiyyadena Shaikh
Abdul Quadir Jilani رحمۃ اللہ علیہ Birth: 471 H/1078 A.D. --- Death:
561 H/1166 A.D.)

Since this Darul Uloom is situated at a distance away from populated area, teachers and students perform Namaz in a single room. The desire and plan of the management is that a marvelous Masque should be built with the name of "Quadri Masjid" in the campus of Jamia. So that teachers, students and guests could perform Namaz easily.

[Proposed picture of Quadri Masjid]

(10)

Sadrul-Sharia Library

(In the memory of Sadrul-Sharia Mufti Muhammad Amjad Ali Azmi رحمۃ اللہ علیہ Birth: 1296 H/1879 A.D. --- Death: 1367 H/1948 A.D.)

Library is very compulsory for the development in educational field. This is why management of Jamia thinks that a library should be available in Darul Uloom with the name of "Sadrul-Sharia Library" which should be enriched with a lot of new and old books will be on the religious, social and educational topics. So that teachers and students of Jamia, other writers and the research scholars may get benefit from there.

The library has been established but it is in the beginning stage and it has not any complete building.

[Proposed picture of Sadrul-Sharia Library]

(11)

Sufi-e-Millat Hostel

(In the memory of Sufi-e-Millat Saiyyad Shah Aalam رحمۃ اللہ علیہ Birth: 1323 H-Death: 23rd Jamadil-Ula 1418 H/1997 A.D.)

The present building for residing the students will not be enough after launching proposed educational departments. This is why the plan of management of Jamia is that a hostel would be built before increasing the number of students. So the guests of our Prophet ﷺ do not face any difficulties and may get education comfortably.

[Proposed picture of Sufi-e-Millat Hostel]

(12)

Shoaibul Aulia Guest House

(In the memory of Shoaibul Aulia Allama Shah
Muhammad Yaar Ali Quadri رحمۃ اللہ علیہ Birth: 1307 H/1889 A.D.
--- Death: 1387 H/1967 A.D.)

In the Darul Uloom Guests generally come but there is no any permanent guest house, so the management, teachers and employees of the Institute are unable to provide them with proper satisfaction. This is why management of the Institute thinks that a marvelous guest house should be built with the name of “Shoaibul Aulia Guest House”.

[Proposed picture of Shoaibul Aulia guest House]

(13)

Nezami Darul Shifa (Hospital)

(In the memory of Khatibul Barahin Sufi Muhammad
Nizamuddin Quadri Barkati رحمۃ اللہ علیہ Birth: 1346 H/1928 A.D.
--- Death: 1434 H/2013 A.D.)

The institute is situated in a very rural area and there is no any hospital nearby. When anyone suffers from illness, some time a lot of money has to be spent in the fare of vehicles than the medicine charges and the difficulties of the way are further problem. This is why the management of Institute thinks that Darul Uloom must have a hospital of its own where not only students but also common people may get treatment and treatment charges should be low as possible. So that nearby people of the locality may get full benefit and get rid of their problems.

[Proposed picture of Nezami Darul Shifa (Hospital)]

(14)

Siquaya Ashrafia (Water Tankey)

(In the memory of Mahboob-e-Yazdani Saiyyad
Makhdoom Ashraf Jahangir Simnani رحمۃ اللہ علیہ Birth: 709 H----
Death: 829 H)

The hand-pipe is used in the Institute for water needs. But when the educational and constructional plans of management will be completed, that time hand-pipe can't be enough for the teachers and students. The management will have to arrange other than the hand pumps. This is why the plan of management is that as soon as the number of students increases, they will build a big water tank with the name of "Siquaya Ashrafia".

[Proposed picture of Siquaya Ashrafia]

(15)

Sadrul Afazil Dining Hall

(In the memory of Sadrul Afazil Saiyyad Muhammad
Naeemuddin Muradabadi رحمۃ اللہ علیہ Birth: 1300 H/1883 A.D.----
-Death: 1367 H/1948 A.D.)

The condition of a lot of Madaris is that, the students bring their food in the tiffin from the kitchen and eat in the hostel, and they put the remained food here and there. On one hand it's the disrespect of the food item on the other hand there arises the problem of filth and dirt. This is why the management of Institute thinks that a special and extensive dining hall should be built, where all students can eat their food sitting collectively and all the matters of bringing and returning with the tiffin and putting here and there may be ended.

[Proposed picture of Sadrul Afazil Dining Hall]

(16) Gate of Siddique Akbar

(In the memory of Saiyyadena Abdullah ibn-e-Usman
Abu-Bakr Siddique رضي الله عنه Death: 13 H)

Boundary is very compulsory for the protection the property of the institute and for saving the goods of teachers and students. This is why the management of Darul Uloom thinks that the boundary of Institute should be built also and in it a grand gate with the name of "Gate of Siddique Akbar" should also be made.

Impressions of the Respected Islamic Scholars

(1) Hazrat Allama Maulana Muhammad Mohsin Nezami Misbahi

Shaikhul Hadees Jamia Barkatia Hazrat Sufi Nizamuddin, Lahrauli Bazar, Sant Kabir Nagar

باسمہ تعالیٰ
نحمدہ و نصلی علی رسولہ الکریم
پلکوں ستارہ کوئی اب

The First divine message of Islam descended in Ghar-e-Hera that has begun from "IQURA". In it human being is introduced with the meaning and profits of education, so that thoughts, habits, eyes and heart could be brighten with the light of education. It has become clear to the thoughtful persons after a common study about all religions that the Islam has showed such ways towards the needs of reading and teaching, which is not found in any other religion. Now new researches, investigations, inventions and manufactures have changed the entire world in a village. The ways of education are developing more than before. The rays of the blue sky are being caught. The scaling ladders have been thrown upon the Mass. But Islamic classes are lamenting upon their havoc and complaining the laziness of Muslims. Today rich men look avoiding from responsibility of Jamia. During the 800 years rule of the Muslim the Islamic

Classes were busy to brighten the future of Muslim's children by supporting and co-operating by the gouts and after the end of the Muslim rule the rich dukes and land lords of the country used to patronize Islamic Madrasas showing their educational friendship. But the sun of supporting education set shortly. Now the financial support of Madrasas is upon the weak shoulders of charitable persons. Now all the facilities of education depend on those people's care and light of education is shining by them.

In the helpless and dark circumstance respectable "Maulana Akhtrul Quadri founder and manager of Darul Uloom Ahmadia Barkatia Sewaichpar Sant Kabir Nagar U.P" planned to establish this Jamia having faith in the Almighty Allah. The foundation-stone was laid on 5th November 2006 by "spiritual guide Hazrat Saiyyad Shah Safi Ahmad دام ظلّه العالی" the shrine superior of Aalia, Quadria, Chistiya and Sahervardiya Jhoonsi Shareef Allahabad.

Behamdillah this Jamia has become famous all over the world for its development in educational and constructional field in short time by the care of charitable men and hardworking of Jamia's founder.

The pretty, marvelous and laudable building of Darul Uloom forces all people to visit it. This Darul Uloom has approved by Madrasa Education Board Lucknow and also it is the examination center of it. The exams are being conducted fairly.

It has got approval by National Council for the Promotion of Urdu Language, Delhi for one year Arabic and Urdu Diploma course and further works are also being done for other courses. In future Computer Diploma course will also be stated. Further the full arrangements are available for the education of Tahtania, Fauqania, Hifz Bilhadr and Tajveed o Quirat.

It has a lot of plans which are still to be completed. The different kinds of departments would be made and for them many buildings are needed. These are depend upon rich and charitable persons. If Allah the Almighty willing, it will be a junction of religious and worldly education. The educated students of here will be expert in religious as well as worldly education which is too compulsory for Indian people. The details of the proposed things are available in this booklet.

I request to all charitable and educated people that without hesitation they help this Jamia to open the education city. Allah the Almighty will give you big reward and development in wealth and prosperity.

I pray that Allah the Almighty may arrange the goods for this Jamia invisibly, complete all the plans and enrich all the assistants by giving them good of both the worlds. Ameen

Spiritual guide Hazrat Allama Maulana Muhammad Habib-ur-Rahman Nezami.

Teacher, Darul Uloom Ahl-e-Sunnat Tadrees-ul-Islam, Basdeelah, Sant Kabir Nagar.

نحمده و نصلى على رسوله الكريم

Behamdillah today on 7th Rabiul Sani 1436 H/ 28th January 2015 respected Maulana Akhtrul Quadri came to our Jamia Tadrees-ul-Islam Basdeelah. I felt very happy to see a booklet, which Maulana has written consisting of his proposed plans in the modern era for developing Islamic Education because our Prophet ﷺ has said, "العلم حياة الإسلام وعماد الدين".

Education is the life of Islam and the pillar of Deen. And also said, "من صار بالعلم حيا لم يميت أبدا" one who will alive with Islamic education, will never die.

I pray that Allah the Almighty May succeed respected Maulana Akhtrul Quadri in both the worlds also all the members, assistants and attached persons of Jamia and complete all the plans of Jamia. آمين بجاه سيد المرسلين ﷺ

Principal, Darul Uloom Ahl-e-Sunnat Tanveer-ul-Islam Amardobha, Sant Kabir Nagar

نحمده و نصلى على رسوله الكريم

Founder of this Institution, respected Maulana Akhtrul Quadri is a genius and a hard working scholar. He has accomplished a big memorable thing in the shape of "Darul Uloom Ahmadia Barkatia" in his short life. Really it is creditable that Muslim people are getting profits and religious work is going on in the efficient manner. May Allah the Almighty grant him long life and give him favour to serve the religion sincerely.

I gave a bird eye the brief introduction of the Darul Uloom. It's all programs and proposed buildings are ideal and praise worth. Construction of all departments is very necessary for this rural area and to complete them Maulana has spent all his energy. But it needed a lot of money. This is why I request to all pious and charitable people to pay attention toward the development of this Jamia and get big rewards after co-operating and contributing the Darul Uloom.

Respected Fazil Maulana Akhtrul Quadri, Founder, Darul Uloom Ahmadia Barkatia, is neither a Peer (Spiritual Leader) that a lot of followers will be with him, nor belongs to a rich and landowner's family, but he is religious, saint, pious person and comes from a poor family. He worked hard and put the foundation stone of a religious school at Sewaichpar Sant Kabir Nagar in 2006 on a short piece of land for development of the people and after requesting to all people for help. He used to try to develop it and today in 2014 it has been changed into a Darul Uloom after establishing marvelous buildings. It has become better for its unique qualities and good efforts not only among the local madrasas but among the old madrasas also. Now the building of the Institute is inviting to all to visit it.

Behamdillah Darul Uloom has developed much in educational, constructional, propagational and training field. It has no match.

Maulana has changed the school into a Darul Uloom with his some sincere friends and pious teachers in even a short period in such village, where the resources are limited. It may be said obviously to see his hardworking and plans that in future إن شاء الله it will become a marvelous fort of education.

May Allah the Almighty increase his abilities as well as his morality and sincerity. May Allah shower his blessings upon his co-operators.

- The student should be given scholarship. So they must come however.
- The best salary to Teachers should be paid on their performance.
- The activities of student should be examined. Scholarship should be given to them for the works according to their abilities.
- They should be sent in all over the country after giving them salary, so that they should serve the religion with writing, speaking, preaching, comparing and publishing.
- The profitable books and pamphlets in favor of the religion and against the bad belief about the Ulama should be made to publish by the writers by giving them payment.

- One who is able to serve our mission among us and busy in worldly life, after giving him scholarship he should be made free to work in the field in which he is expert.
- The news of your religion should be published and time to time the pamphlet should sent for the defence of religion in the country weekly or daily, with cost or without cost.

It is said in Hadeeth that the religious works will also be done with the money in the last period. And why it not be right, because it is the words of our Prophet ﷺ who is truthful person.
